Overview

I was appointed the VSCO expert, so I am in charge of editing pictures of the rhinos and/or the rhinos with the volunteers. Once I have the pictures edited, I post them to the VSCO account with short captions and hashtags. In his document I will include screenshots of the work I have done so far.

The screenshot shows a Wix website for 'UNM Rhino Conservation'. At the top, there are icons for settings, a link, and a 'Free trial' badge with a notification bell. The profile picture is a circular logo with a rhino and the text 'rhinounm'. Below the profile name, there are 'Edit' and 'Share' options. A paragraph of text describes the account's purpose: 'This account is dedicated to show case the efforts against the poaching of rhinos in areas of Africa. UNM students curate content to best show the achievements made to persevere rhinos'. A link 'rhinocrashcon.wixsite.com/unmrcc' is provided. Below the text, there are 'Gallery' and 'Collection' tabs. Two small images of rhinos are shown in a grid. At the bottom, there is a navigation bar with icons for home, search, profile, and settings.

The screenshot shows a social media post. At the top, there is a close button (X) and a menu icon (three dots). The main image is a rhino walking in a dry, open field. Below the image, there are icons for favorite (star), share (two arrows), and play (triangle). The text of the post reads: 'Come and meet the rhinos', followed by social media handles: 'Instagram: @unm_rhino_conservation', 'Twitter: @unmrhino', and 'Facebook: @Unm Rhino Conservation #UNM #Rhinos'. The date 'May 4, 2020' and a link icon are visible. Below the post, there is a 'Related Images' section with two image thumbnails: one of a rhino's head and one of a rhino in a dark setting with a lamp.

The UNM Rhino Conservation is working to raise awareness for the poaching. We need ACTION! to keep these beautiful animals. [#Rhinos](#) [#UNM](#) [#Support](#)
